

LombaSkin

The “second skin effect” back brace

Elastic patented fabric

The **beaded fabric** gives you a feeling of comfort, and elasticity at **the ribs and hips areas**

Discreet & lightweight

Warm colors to feel uninhibited to wearing the belt

Symmetrical brace

Symmetrical design **ensures the right positioning** of the brace and **facilitate the fitting**

Hand-loops

Allows the patient to easily adjust the brace depending on the **compression needed**

“Second skin” effect

Thin and breathable fabric and the **seamless welding technology** especially at the rib and hips area

Spring-loaded steel back stays

The stays **can be conformed** to the patient's lordosis

Smart angles

Smart and ergonomic Design which enable the proper comfort in seating position

 Machine wash at 30°

Medical indications

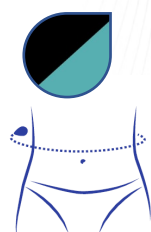

Non-specific low back pain (acute, subacute and chronic phrases), lumbar stenosis
